

INTERCHANGEABLE GRAPHIC ASSEMBLY GUIDE

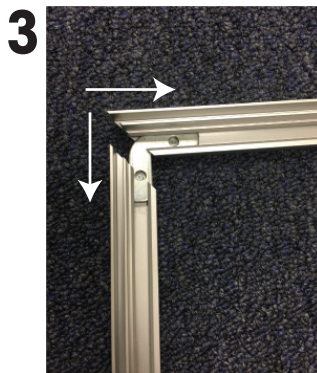

Thank you for your business! Please carefully review the instruction guide below to ensure proper assembly.

1 Lay out all pieces as shown.

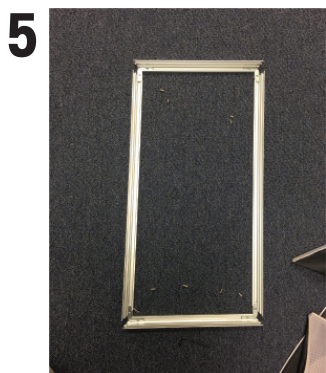

2 Place joiner piece with holes on top of solid joiner piece.

3 Insert joiner pieces into innermost channel of the metal frames.

4 Continue inserting joiner pieces into all 4 corners of frame.

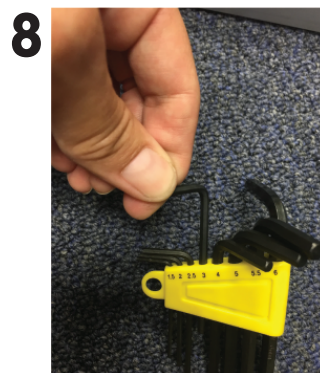

5 Once joiner pieces are in place, push the pieces together.

6 Next, locate the small screws.

7 Place screws into the joiner pieces.

8 Grab a 3mm Allen wrench.

9 Gently tighten all screws.

10 All 4 pieces are now attached!

11 Make sure silicone is tucked beneath fabric.

12 Fold edge and insert into outermost extrusion channel.

13 Begin tucking around all edges.

14 Continue working your way around the frame.

15 Once finished, the fabric should appear tight and smooth.

Enjoy your new graphics!
